

THOROWGOOD

SADDLES

There's a Thorowgood Saddle designed to fit your horse, whatever his size or shape. Whether you have a re-trained racehorse, a cuddly native cob or a cheeky perfect pony, we know his wellbeing is at the heart of everything you do - and it's an absolute priority for us too. When it comes to finding the right saddle, comfort and fit are everything, along with the price of course.

Delasalle Saddlery supplies and fits the following Fairfax saddles and accessories:

	T9 Monoflap XC Size: 17"/17½" Colour: Black, Brown Changeable Gullet: N/M to XW/XXW Gullet Bar Type: R-Bar Imagine the luxury of riding on a professional-looking hybrid leather saddle that's ultra lightweight with a super sleek appearance and really close contact feel. Well that's what the Thorowgood T9 Monoflap XC offers, along with being extremely comfortable for the horse and supportive for the rider. Low-cantle allows you to easily manoeuvre your weight and maintain your centre of balance over a fence Small surface-mounted blocks offer excellent support without restricting your position across country Gorgeous soft leather on all the 'contact points': seat, skirt and knee pads Unique monoflap girthing options help the saddle fitter achieve optimum stability Made in England and flocked with 100% British wool.
	T9 Jump Colour: Black/Brown Size: 17"/17½" Changeable Gullet: N/M to XW/XXW Gullet Bar Type: R-Bar A specialist showjumping saddle that's good looking enough to grace any competition arena, whatever level you are competing at. Also perfect if you just

	enjoy schooling and hacking at home, or maybe some cross country fences too. The tree and points are designed to support the front of the panel and allow freer shoulder movement Gorgeous soft leather on all the 'contact points': seat, skirt and knee pads The flap is forward cut to accommodate a jumping leg position The secure seat with a low cantle doesn't restrict the jumping position, but allows you to shift your weight and maintain your centre of balance over the fence Adjustable and changeable Velcro knee block to fine tune the leg support required when jumping Available in one panel profile (standard) but thanks to the SimaTree R-Bar this saddle can be adjusted to suit high wither and standard wither fits Made in England.
	T9 Dressage Size: 17"/17½" Conformation: Standard Wither Colour: Black Changeable Gullet: N/M to XW/XXW Gullet Bar Type: R-Bar The dressage-specific seat and moveable under-flap thigh block combine to help you maintain a perfectly balanced and supported dressage position. The panel design ensures a close rider contact and comfort for your horse. Gorgeous soft leather on all the 'contact points': seat, skirt and knee pads Adjustable and changeable Velcro block fine tunes your leg support, and can be re-positioned as your dressage position develops Made in England and flocked with 100% British wool
	T9 High Wither Dressage Size: 17"/17½" Colour: Black Changeable Gullet: N/M to XW/XXW Gullet Bar Type: R-Bar This saddle has a panel designed specifically for a high wither conformation in order to provide spinal clearance and ensure comfort for your horse while maintaining balance and a close contact feel for the rider. The dressage-specific seat and moveable under-flap thigh block combine to help you maintain a perfectly balanced and supported dressage position.

	Gorgeous soft leather on all the 'contact points': seat, skirt and knee pads Adjustable and changeable Velcro block fine tunes your leg support, and can be re-positioned as your dressage position develops Made in England and flocked with 100% British wool
	T9 Compact GP Colour: Black/Brown Size: 17"/17½" Conformation: Medium Wither Colour: Black/Brown Changeable Gullet: N/M to XW/XXW Gullet Bar Type: R-Bar The super-comfy, deeper seat locates you centrally for perfect balance and gives you a little extra in-saddle security. Although the seat is true to size, its neat design combined with the slimline panels offers a more 'compact' feel compared to our T9 Original GP. Petite riders, those with narrower hips or riders who don't like an 'open-seat feel' may feel it suits them better. Gorgeous soft leather on all the 'contact points': seat, skirt and knee pads The flap is forward cut enough to allow for jumping and cross-country, as well as schooling and hacking Adjustable and changeable Velcro knee block to fine tune leg support Made in England and flocked with 100% British wool
	T9 High Wither Original GP Colour: Black/Brown Size: 17"/17½" Colour: Black/ Brown Changeable Gullet: N/M to XW/XXW Gullet Bar Type: R-Bar This saddle has a panel designed specifically for a high wither conformation in order to provide spinal clearance and ensure comfort for your horse, while maintaining balance and a close contact feel for the rider. If you like a little more room in the seat, you'll appreciate the more open feel of this saddle, and the generous flap which can accommodate a variety of leg sizes and shapes. Gorgeous soft leather on all the 'contact points': seat, skirt and knee pads

	The flap is forward cut enough to allow for jumping and cross-country, as well as schooling and hacking Adjustable and changeable Velcro knee block to fine tune leg support Made in England and flocked with 100% British wool
	T9 High Wither Compact GP Colour: Black/Brown Size: 17"/17½" Changeable Gullet: N/M to XW/XXW Gullet Bar Type: R-Bar This saddle has a panel designed specifically for a high wither conformation in order to provide spinal clearance and ensure comfort for your horse, while maintaining balance and a close contact feel for the rider. The super-comfy, deeper seat locates you centrally for perfect balance and gives you a little extra in-saddle security. Although the seat is true to size, its neat design offers a more 'compact' feel compared to our T9 Original GP. Petite riders, those with narrower hips or riders who don't like an 'open-seat feel' may feel it suits them better. Gorgeous soft leather on all the 'contact points': seat, skirt and knee pads The flap is forward cut enough to allow for jumping and cross-country, as well as schooling and hacking Adjustable and changeable Velcro knee block to fine tune leg support Made in England and flocked with 100% British wool
	T9 Original GP Colour: Black/Brown Size: 17"/17½" Conformation: Medium Wither Colour: Black/ Brown Changeable Gullet: N/M to XW/XXW Gullet Bar Type: R-Bar If you like a little more room in the seat, you'll appreciate the more open feel of this saddle, and the generous flap which can accommodate a variety of leg sizes and shapes. Gorgeous soft leather on all the 'contact points': seat, skirt and knee pads The flap is forward cut enough to allow for jumping and cross-country, as well as schooling and hacking Adjustable and changeable Velcro knee block to fine tune leg support Made in England and flocked with 100% British wool

	T9 High Wither Original GP Colour: Black/Brown Size: 17"/17½" Changeable Gullet: N/M to XW/XXW Gullet Bar Type: R-Bar This saddle has a panel designed specifically for a high wither conformation in order to provide spinal clearance and ensure comfort for your horse, while maintaining balance and a close contact feel for the rider. If you like a little more room in the seat, you'll appreciate the more open feel of this saddle, and the generous flap which can accommodate a variety of leg sizes and shapes. Gorgeous soft leather on all the 'contact points': seat, skirt and knee pads The flap is forward cut enough to allow for jumping and cross-country, as well as schooling and hacking Adjustable and changeable Velcro knee block to fine tune leg support Made in England and flocked with 100% British wool
	T9 Low Wither GP Colour: Black/Brown Size: 17"/17½" Changeable Gullet: N/M to XXW Gullet Bar Type: S-Bar This saddle is designed to cater for all compact, short-backed and low-withered horses - not just cob-types, but including them of course! The T9 Low Wither GP should also suit low wither horses with a big shoulder movement. We know that you can sometimes feel perched in a 'standard' saddle on a horse with a lower-wither conformation, so this new tree and panel design brings you 'close in' to your horse The soft and comfortable all-leather seat adds to that feeling of closeness and sitting 'in to' your horse The moveable Velcro knee block can be adjusted to suit your individual leg shape and position Thorowgood's multiple girthing options improve stability on even the widest of horses or those with big movement

	T9 Pony Jump Colour: Black/Brown Size: 15½"/16½" Changeable Gullet: N/M to XXW Gullet Bar Type: S-Bar Designed for children and pony riders who love to do a bit of everything, but whose main interest is jumping. This leather hybrid saddle is good looking enough for any competition arena and the forward-cut flaps are specifically designed to support the rider's leg in the shorter jumping position. Gorgeous soft leather on all the 'contact points': seat, skirt and knee pads The flap is forward cut to accommodate a jumping leg position A secure seat with a lower cantle doesn't restrict the jumping position and allows you to maintain your centre of balance over the fence Adjustable and changeable Velcro knee block to fine tune the leg support required when jumping The panels are flocked with 100% British wool Available in one panel profile (standard) but thanks to the SimaTree S-Bar this saddle can be adjusted to suit low wither and standard wither fits Multiple girthing options for saddle stability, including a point strap Made in England
	T9 Pony Colour: Black/Brown Size: 15"/15½" Changeable Gullet: N/M to XXW Gullet Bar Type: S-Bar Scaled to accommodate the young child on their first pony, this all-round saddle is ideal for all kinds of riding activities. As well as being super-comfy for the rider, it provides an excellent fit for the pony, and great stability, especially on rounder or lower-wither conformations. Gorgeous soft leather on all the 'contact points': seat, skirt and knee pads The flap is forward cut enough to allow for jumping and cross-country, as well as schooling and hacking Adjustable and changeable Velcro knee block to fine tune leg support The panels are flocked with 100% British wool and have a maximised bearing surface Panel designed to suit short-backed ponies

	Available in one panel profile (standard) but thanks to the SimaTree S-Bar this saddle can be adjusted to suit low wither and standard wither fits Made in England
	T9 Pony Long Leg Colour: Black/Brown Size: 16"/16½" Changeable Gullet: N/M to XXW Gullet Bar Type: S-Bar The perfect solution for leggy teenagers who need a smaller seat size, but a forward-cut flap to accommodate their length of leg. Also perfect for petite adults on ponies or short-coupled horses. Gorgeous soft leather on all the 'contact points': seat, skirt and knee pads The flap on this model is forward cut to accommodate a longer leg and is also great for jumping and cross-country Adjustable and changeable Velcro knee block to fine tune leg support The panels are flocked with 100% British wool and have a maximised bearing surface Panel designed to suit short-backed ponies Available in one panel profile (standard) but thanks to the SimaTree S-Bar this saddle can be adjusted to suit low wither and standard wither fits Made in England
