Accessories:

	T-Bar Stirrup Leathers These leathers are designed to take the bulk from under the rider's leg. Most used by dressage riders looking to achieve the ultimate contact between themselves & their horse. Colour: Black, Military, Sala
	Hide Wrapped Stirrup Leather This is a 7/8" Webb wrapped in a soft hide, give comfort and strength. Colour: Black, Military, Sala
	Affinity F2 Girth Long One of the latest additions to the range are the Affinity girths which can come in a standard cut, or F2 cut which is ergonomically designed to accommodate horses with a forward girth groove. Colour: Black, Military, Sala
	Affinity F2 Girth Short One of the latest additions to the range are the Affinity girths which can come in a standard cut, or F2 cut which is ergonomically designed to accommodate horses with a forward girth groove. Colour: Black, Military, Sala

	Affinity F2 Pro Girth Short The newest addition to the range is the Affinity F2 Pro short girth. Based on the design of the very popular Affinity F2 girth, this ergonomically shaped girth has been further advanced to create an even pressure throughout the width. Colour: Black, Military, Sala
	Affinity F2 Sheepskin Girth The F2 cut is ergonomically designed to accommodate horses with a forward girth groove and is now available with a sheepskin liner. This girth comes with 2 removable sheepskin liners. Colour: Black, Military, Sala
	Affinity F3 Girth One of the latest additions to the range are the Affinity girths which can come in a standard cut, or F2 cut which is ergonomically designed to accommodate horses with a forward girth groove. The F3 was developed to allow for those horses with a further increased girth groove. Colour: Black, Military, Sala
	Affinity Std Girth Long The original Affinity girths which can come in a standard cut (shown here), an F2 cut & an F3 cut, which is ergonomically designed to accommodate horses with a forward girth groove. Colour: Black, Military, Sala
