

Fairfax Saddles is renowned for its scientific design, development and testing. We make saddles, girths and bridles that are proven to relieve pressure and improve the horse’s performance, which is why they are chosen by some of the best riders in the world. Experienced saddlers make our saddles here in Walsall, England using a mixture of traditional techniques and cutting-edge technology. Our innovative designs are proven by science and protected by patents, our ground-breaking research is regularly published in reputable scientific journals and presented at veterinary conferences worldwide.

Delasalle Saddlery supplies and fits the following Fairfax saddles and accessories:

	NEW Deluxe Low Wither Monoflap XC Colour: Black, Havana Leather / Trim: Full grain English hide Panel: Traditional wool flocked Seat Sizes: 17", 17½", 18" Changeable Gullet: N/M to XW/XXW Gullet Bar Type: S-Bar A truly deluxe low profile monoflap XC saddle for riders of any low-withered or flat-backed horse (such as Dutch warmbloods, Connies or rounder types) looking for a close contact feel and ultimate stability when jumping or going across country. This new tree and panel design offers a solution for short-coupled, low withered conformations A finely honed seat which gives the rider a really close contact feel with the horse Large block to support the rider’s leg in the jumping and cross-country position Unique monoflap girthing options enhance stability on low wither conformations Fully covered in high-grip, super-soft full grain hide
--	---

	NEW Deluxe Low Wither Monoflap Dressage Colour: Black only Leather / Trim: Full grain hide Panel: Traditional wool flocked Seat Sizes: 17", 17½", 18" Changeable Gullet: N/M to XXW Gullet Bar Type: S-Bar A deluxe low profile dressage saddle suited to horses with a low-wither or a flat back conformation (such as Dutch warmbloods, Connies or rounder types). The slimline panels and finely-honed seat give a feeling of sitting close and 'in to' the horse. A new tree and slimline panels offer a solution for horses with a low profile and/or a short back The surface-mounted thigh block is sized so as not to interfere with the rider's seat or balance but, instead, to enhance stability and position The seat is shaped to encourage the rider to sit up through the core in a true dressage position Multiple girthing options - unique to a dressage monoflap - will help achieve optimum stability on all low-wither conformations Fully covered in deluxe, high-grip full grain hide
---	---

General Purpose Saddles

If you enjoy a little bit of everything - but mainly hacking and pleasure riding - you can still do it in style, safe in the knowledge your horse is benefiting from Fairfax's pressure relieving and comfort enhancing designs.

	Classic General Purpose Colour: Black, Havana Leather / Trim: Full grain English hide & butt leather Panel: Traditional wool flocked Seat Sizes: 17", 17½", 18" Changeable Gullet: N/M to XW/XXW Gullet Bar Type: R-Bar A luxurious GP with a supportive seat which means even long hours in the saddle are comfortable and pleasurable. Stitched-on knee roll provides superior support for the leg Deep cushioning over the knee rolls ensures the support is softer and more accommodating for a variety of leg lengths - particularly useful for those who intend to ride with different stirrup lengths (i.e. hacking or jumping)
---	--

	Two rows of ghost stitching on the knee pad allow it to contour easily around the block, allowing the leg to rest in the most comfortable and effective position Super-soft full grain hide on the seat and knee pad The Classic GP does not have a calf block
	Classic Low Wither General Purpose Colour: Black, Havana Leather / Trim: Full grain English hide & butt leather Panel: Traditional wool flocked Seat Sizes: 17", 17½", 18" Changeable Gullet: N/M to XXW Gullet Bar Type: S-Bar A feeling of stability, closeness and unity for the rider on any conformation with a low wither (not just super-wide Cob types). Low-profile tree and panels The compact panel works well on short-backed horses Super slimline front and shallow rear gussets for close contact and stability The luxuriously comfortable seat positions the rider close to the horse Moveable knee roll to accommodate a wide variety of leg sizes Two rows of ghost stitching on the knee pad allow it to contour easily around the roll while comfortably supporting and cushioning the leg Super-soft full grain hide on the seat and knee pad
	Classic GPD Colour: Black, Havana Leather / Trim: Full grain English hide & butt leather Panel: Traditional wool flocked Seat Sizes: 17", 17½", 18" Changeable Gullet: N/M to XW/XXW Gullet Bar Type: R-Bar The same comfort and luxury as the Classic GP but straighter-cut flaps make this the perfect choice for the rider who also likes to do a little flatwork or dressage. A longer, straighter-cut flap than the Classic GP means that the rider can comfortably drop their stirrups to a longer leg position, more suitable for dressage and schooling The stitched-on knee roll is slightly longer and straighter than the Classic GP Deep cushioning over the knee rolls ensures the support is softer and more accommodating for a

	variety of leg lengths - particularly useful for those who intend to ride with different stirrup lengths (i.e. hacking or dressage) Two rows of ghost stitching on the knee pad allow it to contour easily around the block, allowing the leg to rest in the most comfortable and effective position Super-soft full grain hide on the seat and knee pad The Classic GPD does not have a calf block
	NEW Deluxe GP Colour: Black, Havana Leather / Trim: Full grain hide Panel: Traditional wool flocked Seat Sizes: 17", 17½", 18" Changeable Gullet: N/M to XXW Gullet Bar Type: R-Bar A luxuriously deluxe hide-covered GP saddle for ultimate comfort for everyday riding and jumping. Ghost stitched flaps follow the contours of the knee block Neat, compact seat for comfort and support Generous stitched-on knee and calf blocks for plenty of support in the saddle Multiple girthing options to ensure stability Fully covered in high-grip, super-soft full grain hide

Dressage Saddles,

Whatever your experience, competition level, build or position preference there's a dressage option to suit you. For the horse choose from models featuring the patented Performance Panel for improved freedom of movement, or a more traditionally styled Classic design. There's also a Classic low-wither and something for smaller horses and ponies.

	NEW World Class Dressage II Colour: Black or Havana Leather / Trim: Calf with patent trim Panel: Wool flocked full panel Available with three panel profile options Seat Sizes: 16½", 17", 17½", 18" Changeable Gullet Width: N/M to XW/XXW Gullet Bar Type: R-Bar Scientifically developed and delivering a remarkable feeling of synchronicity and 'oneness' between horse and rider.
---	--

	The deformable knee block is slightly higher and slightly more tilted providing a different interface option for the rider's leg to the World Class I The block incorporates a shock-absorbing element that accommodates the forward movement of the knee – the optimal level of support without restriction. To fine tune the leg support further, thanks to a quick and easy adjustment, the flap can be tilted through three different positions to move the block in relation to the rider's thigh Softer seat for rider feel-appeal The Prolite-lined full panel has additional strengthening built into the top to maximise saddle stability The World Class Dressage saddles are the only saddles to be scientifically tested with pressure mapping under the saddle and under the rider, combined with simultaneous two-dimensional and three-dimensional analysis of both horse and rider. Luxurious, super-grippy calf leather
	World Class Dressage I Colour: Black or Havana Leather / Trim: Calf with croc trim Panel: Wool flocked Performance panel (Patent: 2515079B) Available with three gusset options - Standard front & rear, standard front & deep rear, shallow front & deep rear (Elias panel) Seat Sizes: 10 Combinations Changeable Gullet: N/M to XW/XXW Gullet Bar Type: R-Bar
	Performance Petrus Monoflap Dressage Colour: Black or Havana Leather / Trim: Italian calf with plain trim Panel: Wool flocked Performance Panel (Patent: GB2515079) Changeable Gullet: N/M to XW/XXW Gullet Bar Type: R-Bar

	Performance Stella Monoflap Dressage Colour: Black Leather / Trim: Italian calf with snake trim Panel: Wool flocked Performance Panel (Patent: GB2515079) Changeable Gullet: N/M to XW/XXW Gullet Bar Type: R-Bar
	Performance Cara Monoflap Dressage Colour: Black only Leather / Trim: Italian calf with croc trim Panel: Wool flocked Performance Panel (Patent: GB2515079) Changeable Gullet: N/M to XW/XXW Gullet Bar Type: R-Bar
	Deluxe Monoflap Dressage Colour: Black only Leather / Trim: Full grain English hide Panel: Traditional wool flocked Seat Sizes: 16", 16½" (low profile panel only) 17", 17½", 18" Changeable Gullet: N/M to XW/XXW Gullet Bar Type: R-Bar A truly luxurious hide-covered monoflap for the dressage rider seeking a close-contact feel. The surface-mounted thigh block offers optimum support but is not too large or restrictive. Fully covered in ultra-deluxe, high-grip and super-soft full grain hide The surface-mounted thigh block on this model is slightly wider and deeper than the Classic Monoflap and offers optimum support but without compromising the rider's seat or balance The same forward seat as the Classic Monoflap which encourages the rider to sit up through the core in a true dressage seat Same unique girthing options as our Classic Monoflap Dressage

	NEW Deluxe Low Wither Monoflap Dressage Colour: Black only Leather / Trim: Full grain hide Panel: Traditional wool flocked Seat Sizes: 17", 17½", 18" Changeable Gullet: N/M to XXW Gullet Bar Type: S-Bar A deluxe low profile dressage saddle suited to horses with a low-wither or a flat back conformation. The slimline panels and finely-honed seat give a feeling of sitting close and 'in to' the horse. A new tree and slimline panels offer a solution for horses with a low profile and/or a short back. The surface-mounted thigh block is sized so as not to interfere with the rider's seat or balance but, instead, to enhance stability and position. The seat is shaped to encourage the rider to sit up through the core in a true dressage position. Multiple girthing options - unique to a dressage monoflap - will help achieve optimum stability on all low-wither conformations. Fully covered in deluxe, high-grip full grain hide
---	---

Jumping Saddles

Choose from the professional feel of a monoflap, the close contact of a foam panel, or a traditional two-flap flocked design. There is definitely something for every taste and preference in our jumping collection.

	NEW Zodiac Aries Jump Colour: Chestnut (shown), Black Panel: Wool flocked Seat Sizes: 17", 17½" Changeable Gullet: N/M to XW/XXW Gullet Bar Type: S-Bar Luxurious calf leather combined with a personalised fit make the Aries the most comfortable and adjustable jump saddle available. The supreme good looks of this saddle conceal a multitude of fitting features that allow your horse to experience improved freedom of movement and comfort, while the rider gets a saddle with the perfect level of support for them.
---	--

	The softest, most sumptuous calf leather provides comfort, closeness and connection. You have to try it to believe it! Flap can be tilted through three positions to perfectly align it with your leg Supplied with two sets of velcro blocks to provide the optimum level of personalised support A proven pressure-relieving tree design has been shown in scientific trials to enhance back function, increasing power on take off and clearance over a fence The panels have a lining of impact-absorbing Prolite that provides an additional cushioning layer for your horse's back Changeable gullet bar Multiple girthing options optimise saddle stability over even the biggest courses British wool flocking allows the panels to contour perfectly to the horse's back
	World Class Monoflap Jump - Foam Panel Colour: Black, Havana Leather / Trim: Calf with plain or croc trim Panel: Foam also available as flocked panel option Seat Sizes: 17", 17½" Changeable Gullet: N/M to XW/XXW Gullet Bar Type: R-Bar Professional monoflap jump saddle that delivers the feeling of closeness the rider wants with the pressure-relieving fit the horse needs The only jump saddle to be scientifically tested with pressure mapping under the saddle and under the rider, combined with simultaneous two-dimensional and three-dimensional analysis of both horse and rider Finely honed, low-profile seat for a feeling of closeness Deep cushioned knee pad and minimal calf block Girthing options for optimised stability

	World Class Dual Flap Jump - Foam Panel Colour: Black, Havana Leather / Trim: Calf with plain or croc trim Panel: Wool flocked Performance panel (patent: GB2505962B) also available as flocked panel option Seat Sizes: 17", 17½" Changeable Gullet: N/M to XW/XXW Gullet Bar Type: R-Bar Professional two-flap show jumping saddle that delivers the feeling of closeness the rider wants with the pressure-relieving fit the horse needs. A finely honed low-profile seat gives the rider that sought-after close-contact feel. Available with a choice of either the performance-enhancing wool-flocked Performance Panel, or a close-contact foam panel which provides the same support and stability while allowing the horse to flex and use his back on take-off without restriction. The only jump saddle to be scientifically tested with pressure mapping under the saddle and under the rider, combined with simultaneous two-dimensional and three-dimensional analysis of both horse and rider. Finely honed, low-profile seat for a feeling of closeness Deep cushioned knee pad Girthing options for optimised stability
	World Class Monoflap Jump - Flocked Panel Colour: Black, Havana Leather / Trim: Calf with plain or croc trim Panel: Wool flocked Performance panel (patent: GB2505962B) also available as foam panel option Seat Sizes: 17", 17½" Changeable Gullet: N/M to XW/XXW Gullet Bar Type: R-Bar Professional jumping or cross-country saddle with the patented Performance Panel proven to reduce pressure, increase flexion and improve clearance over a fence. The patented Performance Panel is proven to help the horse move more freely, improving extension, flexion and gait symmetry

	Adjustable shoulder blocks under the flap offer custom-made support for riders with shorter legs. Longer legged riders can remove the block to create more room and bring them closer to their horse (Deep cushioned knee pad and minimal calf block) Finely honed, low-profile seat for a feeling of closeness Unique monoflap girthing options for stability
	NEW Deluxe Low Wither Monoflap XC Colour: Black, Havana Leather / Trim: Full grain English hide Panel: Traditional wool flocked Seat Sizes: 17", 17½", 18" Changeable Gullet: N/M to XW/XXW Gullet Bar Type: S-Bar A truly deluxe low profile monoflap XC saddle for riders of any low-withered or flat-backed horse (such as Dutch warmbloods, Connies or rounder types) looking for a close contact feel and ultimate stability when jumping or going across country. This new tree and panel design offers a solution for short-coupled, low withered conformations A finely honed seat which gives the rider a really close contact feel with the horse Large block to support the rider's leg in the jumping and cross-country position Unique monoflap girthing options enhance stability on low wither conformations Fully covered in high-grip, super-soft full grain hide
	NEW Deluxe Dual Flap Jump Colour: Black, Havana Leather / Trim: Full grain English hide Panel: Traditional wool flocked Seat Sizes: 17", 17½", 18" Changeable Gullet: N/M to XXW Gullet Bar Type: R-Bar A hide-covered saddle that still offers a slimline close-contact feel for the rider who prefers a softer, more accommodating, knee pad compared to a cupped flap. Fully covered in ultra-deluxe, high-grip and super-soft full grain hide

	Same stitched on knee and calf block as the Classic Jump Cupped Flap. But, instead of a moulded flap, this deluxe model has a padded knee roll with ghost stitching which allows it to contour around the block and softly accommodate the rider's leg, compared to a more 'fixed' moulded design. The same precisely aligned seat as the Classic Jump saddles which balances the rider over the fence and enable a close contact feel with the horse Spot stitches in the panel under the knee give a close feel and hold the wool flock in place
	NEW Deluxe Low Wither Dual Flap Jump Colour: Black, Havana Leather / Trim: Full grain English hide Panel: Traditional wool flocked Seat Sizes: 17", 17½", 18" Changeable Gullet: N/M to XXW Gullet Bar Type: S-Bar A truly deluxe low profile jump saddle for riders of horses with a low-wither or a flat back conformation (such as Dutch warmbloods, Connies or rounder types) looking for that feeling of stability, closeness and unity when jumping. This new tree, combined with slimline panels, works especially well on short-coupled horses A finely honed seat which balances the rider over the fence and enables a close contact feel with the horse Padded knee roll with ghost stitching which allows it to contour around the block and softly accommodate the rider's leg Multiple girthing options (including a point strap) to ensure stability Fully covered in high-grip, full grain hide

	NEW Deluxe Monoflap XC Colour: Black, Havana Leather / Trim: Full grain English hide Panel: Traditional wool flocked Seat Sizes: 17", 17½", 18" Changeable Gullet: N/M to XW/XXW Gullet Bar Type: R-Bar For the rider looking for a luxuriously deluxe hide-covered cross country saddle with a close-contact feel and the security provided by plenty of thigh and leg support. Fully covered in ultra-deluxe, high-grip and super-soft full grain hide The fit and feel for the horse is the same as the Classic Monoflap XCs On this option, the knee block is large and supportive, providing enhanced security in the saddle The same precisely aligned seat as the Classic Monoflap XCs to balance the rider and enable a close contact feel with the horse
	NEW Deluxe GP Colour: Black, Havana Leather / Trim: Full grain hide Panel: Traditional wool flocked Seat Sizes: 17", 17½", 18" Changeable Gullet: N/M to XXW Gullet Bar Type: R-Bar A luxuriously deluxe hide-covered GP saddle for ultimate comfort for everyday riding and jumping. Ghost stitched flaps follow the contours of the knee block Neat, compact seat for comfort and support Generous stitched-on knee and calf blocks for plenty of support in the saddle Multiple girthing options to ensure stability Fully covered in high-grip, super-soft full grain hide

	Performance Eros Monoflap XC Colour: Black, Havana Leather / Trim: Italian calf with plain trim Panel: Wool flocked Performance panel (Patent: 2505962B) Seat Sizes: 17", 17½" Changeable Gullet: N/M to XW/XXW Gullet Bar Type: R-Bar Developed with seven-times Olympian Andrew Hoy to enable him to feel a greater harmony with his horses, the specifically designed seat aligns the rider precisely over the horse's centre of balance, enabling them both to perform at their best. Large, supportive blocks give the rider stability in the galloping and jumping position Patented Performance Panel is proven to help the horse move more freely on the flat and over fences Use the shoulder blocks to fine tune the amount of leg support depending on rider preference or leg length Customise the shoulder blocks to allow the rider to sit squarely on a horse with asymmetrical shoulders Luxurious, super-grippy Italian calf leather
	Performance Polaris Monoflap XC Colour: Black, Havana Leather / Trim: Full grain hide Panel: Traditional wool flocked) Seat Sizes: 17", 17½", 18" Changeable Gullet: N/M to XW/XXW Gullet Bar Type: R-Bar Monoflap XC offering an alternative to the Eros. The Polaris has a roomier seat, scaled-up flaps and a smaller block to accommodate the longer leg and/or bigger thighs. If the Eros is too 'neat and compact' for you or the blocks are a little restrictive, the Polaris is the alternative The smaller blocks and more open seat suits longer legs, or fuller thighs, offering a 'roomier' feel Traditional wool flocked panel or Performance panel Luxurious grippy calf leather

	17" and 17½" version is available with forward flaps for longer legs. Less forward flaps are available on 17½" and 18" for those who prefer a generous seat but more leg support The 'default' trim for this saddle is plain, but see bespoke options below for more choices
--	---

Eventing Saddles

Choose from monoflap cross-country saddles with our wool-flocked performance panel proven to relieve pressure and improve performance or, if you prefer a close contact feel, look at our foam panel option. Both choices benefit from Fairfax's unrivalled research and testing, optimising your horse's comfort and freedom of movement when galloping and jumping.

World Class
